

HiBoard-I65C

Hitrolink Capacitive Interactive Screen

Hitrolink HiBoard-I65C is a brand-new interactive panel, which adopts a new generation of capacitance touch technology and super narrow border design. Light, thin and elegant appearance, with the weight less than 19kg. It integrates 4K display screen, capacitance touch and speaker, and supports online conference, whiteboard writing, code tape scanning, extremely fast screen transmission, 4K HD display and other functions. Get rid of the restriction of the stereotype of traditional interactive screen in the conference room, and bring a real and pleasant collaboration experience.

Features

- Frameless design, 9 mm ultra-narrow side frame, get rid of the heavy feeling of traditional infrared screen, simple and fashionable appearance.
- Zero-fit process, low Parallax writing, high Accuracy 10-point capacitive touch, smooth writing
- Equipped with Anti-glare Tempered Glass, anti-ambient light Jamming, 4K ultra-high definition display, full Channel 4K UI display
- Fast wireless screen function in 3 seconds, making office work highly efficient and collaboration easier
- Optional magnetic 4K camera, which integrates 48MP cameras and 4-microphone array to make meetings more efficient

Smart Interactive Panel

Technical Parameter		
Display	Size	65 inches
	Display ratio	16:09
	Backlight type	DLED
	Resolution	3840 (H) × 2160 (V)
	Viewing Angle	Horizontal 178 °, Vertical 178 °
Touch	Touch screen material	Anti-glare Tempered Glass, Surface Hardness Damo 7
	Touch Technology	Capacitance
	Touch points	10
	Writing instruments	Finger + Capacitance Pen
	Response Time	<8 ms
	Touch Accuracy	±2mm
Audio and Video	Camera	Optional 48MP magnetically pluggable camera
	Microphone	Built-in 4-microphone array in optional camera
	Amplification	Built-in Speaker
Interface	Video interface	HDMI, VGA
	Audio Port	AUDIO IN, AUDIO OUT
	USB Port	USB 3.0, USB 2.0
	Network Interface	RJ45
Wireless Network	Wireless Network	Built-in WIFI and Hot Spot module
Whiteboard writing	Write fluently	Support Handwriting and pen writing, fast writing response speed
	Operation	Support Gesture Operations such as scale, mobile drag, and roaming, as well as multiple erasing methods (point erase, circle erase, gesture board erase, and one-click Clear Screen)
	Recording and Sharing	Support writing records and annotations to generate QR Code, and shared or saved by scanning QR Code
Casting	Wireless casting	Support computer, mobile phone and handheld tablet to wirelessly cast screen content to the screen
	Multi-terminal casting	Up to 4 screen casting
Other functions	Welcome Interface	Support to edit any welcome word content, quickly generate welcome word Interface, with signature and writing function
System	Operating System	Android 13.0
	Configuration	Memory: 4G Storage: 32G
Physical Feature	Power source	100 V ~ 240 V/AC, 50/60 Hz
	Max. Power Consumption.	≤350W
	Standby Power Consumption	≤0.5W
	Operating temperature	0°C ~ 40°C
	Dimension	1447*8329*79mm
	Net Weight	18.75kg
	Package size	1537*944*141mm
	Package weight	25.50kg
	Package	65" Screen*1, Power Cord * 1, Touch Pen * 2, Wireless Keyfob * 1, Warranty Card * 1
