

HTI-OM350

Hitrolink USB Omnidirectional Microphone

The OM350 wired pure sound pickup omnidirectional microphone is used with Huachuang hardware video conferencing terminals to provide users with a high-fidelity sound experience.

- Palm-sized, compact and lightweight with an elegant appearance.
- Streamlined shape, three-dimensional curvature, and compact and strong structural design.
- Supports 360- degree omnidirectional sound pickup and a 6- meter pickup radius, allowing you to grasp the sound details of the venue at any time.
- Built-in AI echo cancellation , noise suppression, beamforming, automatic gain, audio equalization and other algorithms.
- It can be used by directly connecting to the terminal without any configuration, and the operation is very convenient .

Technical Parameters		
Audio parameters	Pickup method	360 -degree omnidirectional sound pickup
	Pickup distance	6m pickup radius
	Number of microphones	6- microphone array
	Sampling rate	16KHz
	Frequency Response	100Hz ~ 8kHz
	Sensitivity	-25db
Other parameters	Connection method	wired
	interface	USB2.0 (power supply and audio data)
	Power supply mode	USB interface power supply
	Work Environment	Operating temperature: 0 to 45°C
	Product size (mm)	Diameter 142 mm × 25 mm
	Color box size (mm)	175mm × 165mm × 87mm
	Protective box size (mm)	452mm×347mm×200mm 1 pack of 10
	Weight (net weight)	260g
	Weight (gross)	694.5g
Packing List	USB cable	5m USB cable (A to B)
	microphone	OM350*1
	Certificate of Conformity	Certificate of Conformity
	Warranty card	Warranty card
	QR code label	Electronic instruction manual
